Central Station in Milan

CLIENT

Grandi Stazioni SpA

END OF WORK

2009

LOCATION

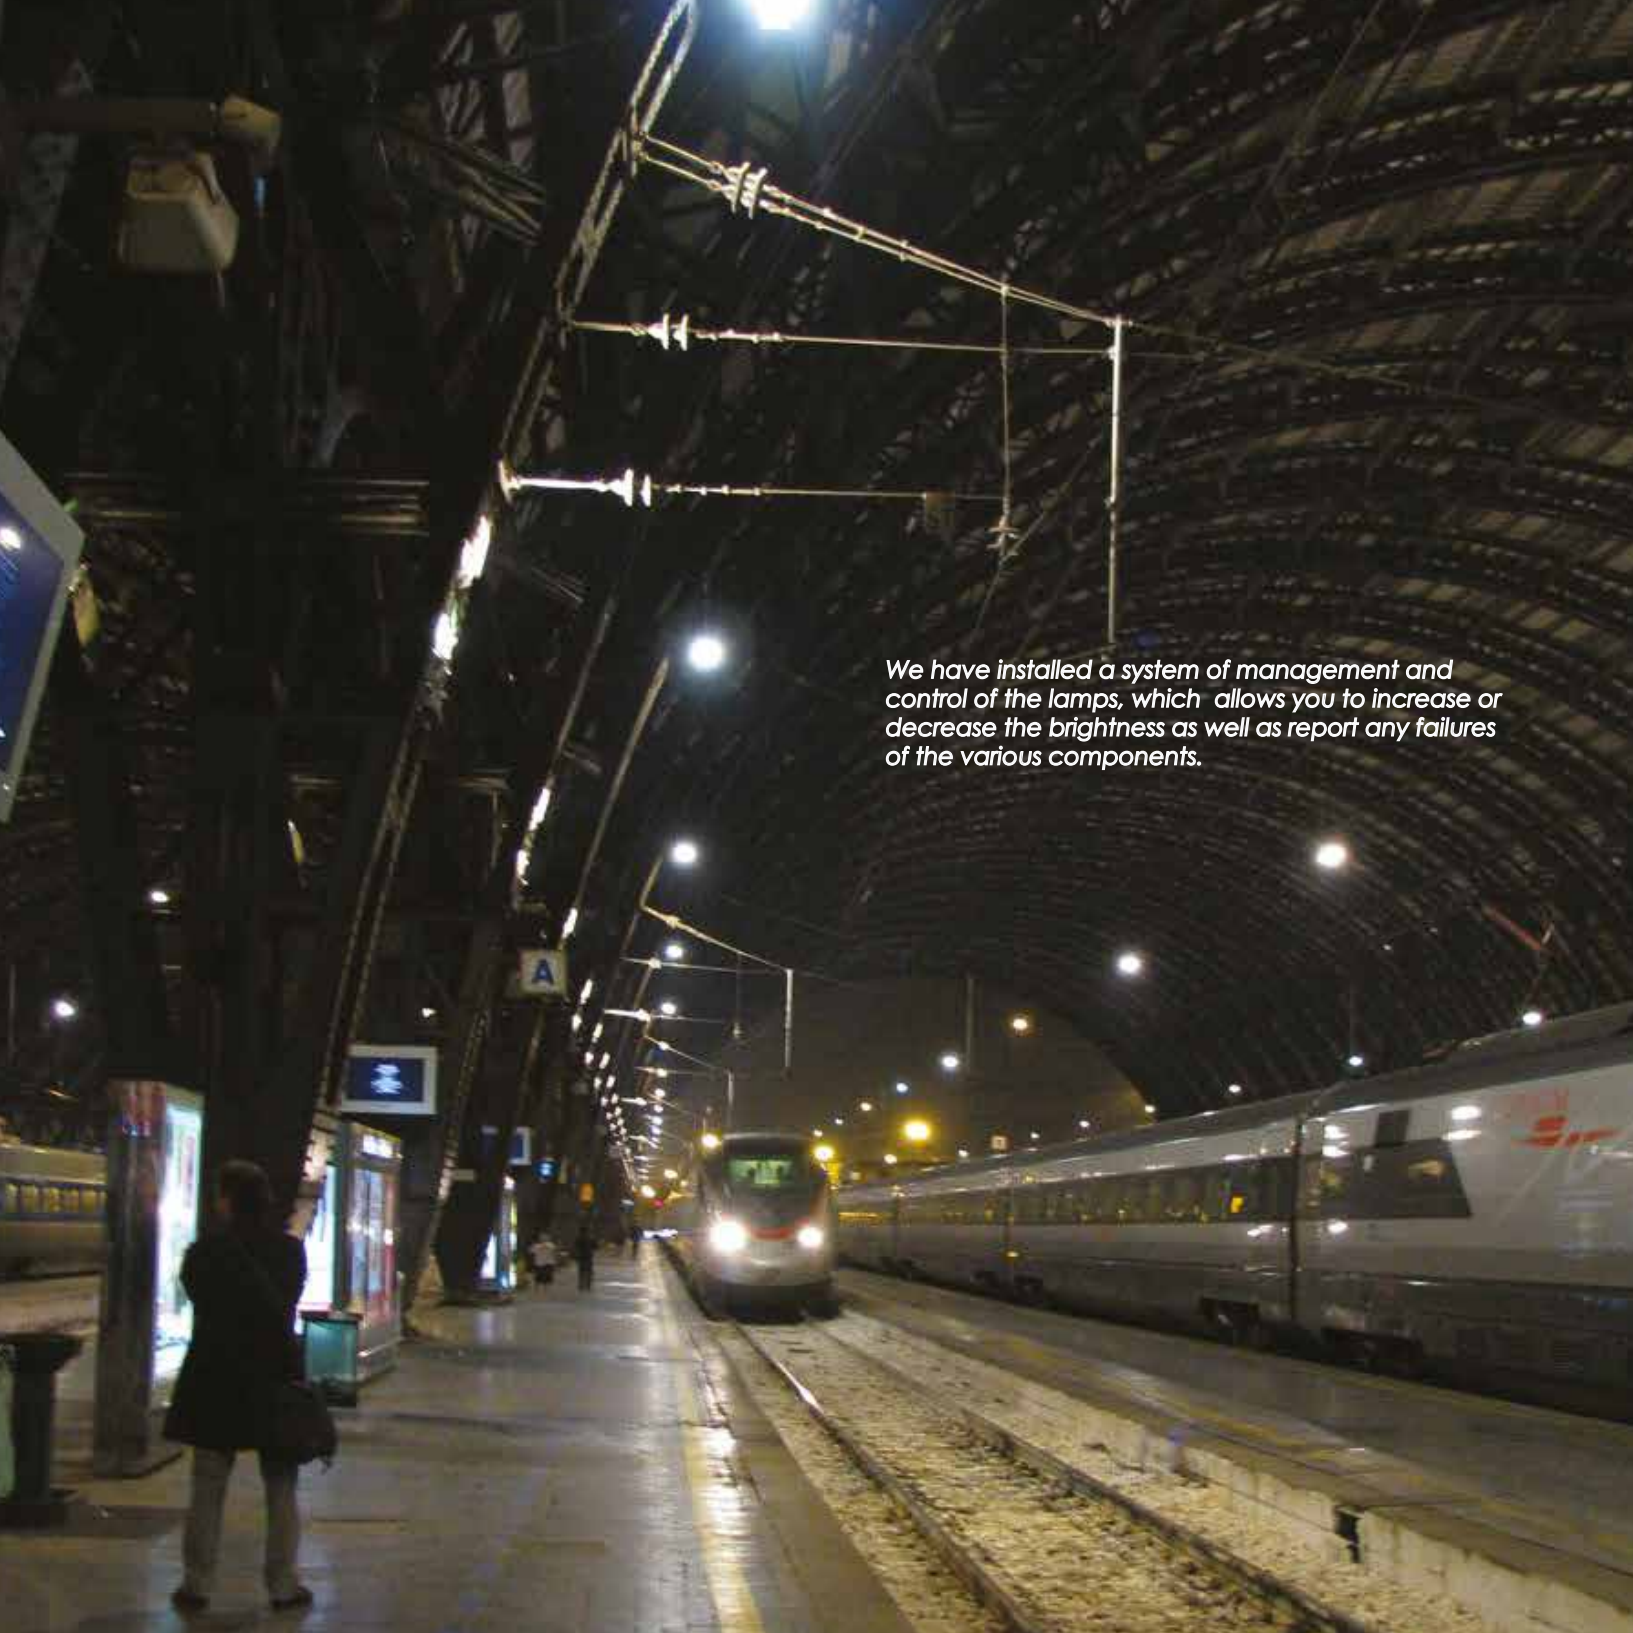

Milan

AMOUNT OF WORK

€ 646.000

OBJECT

Plant construction
area lighting tracks.

A photograph of a high-speed train platform at night. A train is arriving at the platform, with its headlights on. A person is standing on the platform, looking towards the train. The platform is illuminated by overhead lights, and the train has a red and white livery. The background shows the arched roof of the station.

We have installed a system of management and control of the lamps, which allows you to increase or decrease the brightness as well as report any failures of the various components.
